

Majestic Mountain Sage, Inc.

MATERIAL SAFETY DATA SHEET

Identity: Fuller's Earth

SECTION I

Company Name: Majestic Mountain Sage, Inc.
Address: 918 West 700 North Ste 104, Logan UT 84321
Telephone: 435.755.0863
Date Prepared: June 24, 2000

SECTION II: Hazardous Ingredients/Identity Information

Kaolin is a naturally occurring substance containing many ingredients in small, but varying, amounts.

Inhalable silica is not expected to be present in the dust from this product at levels exceeding 1%. If levels above 1% are detected then additional respiratory protective measures should be taken. Crystalline silica is listed with IARC as a Class 1 Carcinogen and with NTP as a substance reasonably anticipated to be a carcinogen.

SECTION III: Physical/Chemical Characteristics

Boiling Point: N/A
Melting Point: N/A
Solubility in Water: insoluble
Flash Point (method): N/A
Appearance: light brown, fine ground powder
Specific Gravity: 2.71

SECTION IV: Fire and Explosion Hazard Data

Extinguishing Media: not applicable
Special Fire Fighting Procedures: Fuller's Earth is not a fire hazard or an explosive hazard in either powder or slurry form.
Unusual Fire and Explosion Hazards: None

SECTION V: Reactivity Data

Stability: stable

Incompatibility (materials to avoid): none

Hazardous Decomposition or By Products: none

Hazardous Polymerization: [] May occur [X] Will not occur

SECTION VI: Health Hazard Data

Inhalation: (under 1.0% total quartz) Threshold limit values ACGIH 10 mg/m³ of total dust

Inhalation: (over 1.0% total quartz) Threshold limit values ACGIH 0.05 mg/m³ of total dust

Eye Contact: nuisance dust

Ingestion: non-hazardous

Skin Contact: non-hazardous

Other Effects: None

Note: Source OSHA 29 CFR 1910.1000 Table Z-1-A, ACGIH TLV's for Chemical Substances. To the best of our knowledge, no studies have been done on eye, skin, or ingestion hazards.

SECTION VII: Emergency and First Aid Procedures

Skin: No adverse effects. Wash skin with mild soap and water to remove nuisance dust.

Ingestion: If large quantities are ingested, consult your physician.

Inhalation: Inhalable silica is not expected to be present in the dust from this product at levels exceeding 1%. If levels above 1% are detected then additional respiratory protective measures should be taken. Crystalline silica is listed with IARC as a Class 1 Carcinogen and with NTP as a substance reasonably anticipated to be a carcinogen. Remove to fresh air for dusty conditions.

Eyes: This product is not classified as an irritant. If exposed, wash the eyes with large amounts of water occasionally lifting the lower and upper lids; continue for 15 minutes. If irritation develops seek medical attention.

SECTION VIII: Personal Protection

Eyes: Eye protection is suggested for compliance with GMP.

Respiratory Protection: Not necessary under normal conditions of use, but dust masks approved by NIOSH are suggested.

Ventilation: This product can generate dust. A ventilation or dust collection system may be necessary where TLV's are exceeded or dusty conditions exist.

Protective Gloves: Non essential

Other Protective Clothing and Equipment: Evaluate need based on particular application.

Work/Hygienic Practice: Use good personal hygiene practices; limit exposure to product whenever possible to minimize clean-up.

SECTION IX: Spill or Leak Procedures

Steps to be taken in case material is released or spilled: If dry, shovel vacuum or sweep up for disposal. If wet, surfaces exposed to spill may become slippery or sticky. Spills should be thoroughly flushed with soapy water until all apparent clay is removed.

Waste Disposal Method: Sanitary landfill in accordance with local, state and federal regulations.

NOTE: The information in this MSDS is compiled from sources considered to be accurate to the best of our knowledge and applies to activities within the scope of the intended use of the product. No warranty is expressed or implied with respect to completeness or continuing accuracy of the information given here. User should satisfy themselves that they have all current data relevant to their particular use.
