

Majestic Mountain Sage, Inc.

MATERIAL SAFETY DATA SHEET

Identity: Menthol Crystals, USP Select FCC (Natural)

SECTION I

Company Name: Majestic Mountain Sage, Inc.
Address: 918 West 700 North Ste 104, Logan UT 84321
Telephone: 435.755.0863
Date Prepared: March 21, 2006

SECTION II: Hazardous Ingredients/Identity Information

This is a natural product.
CAS#: 89-78-1
FEMA#: 2665
Molecular: C₁₀H₂₀O = 156.27
Chemical Name: NA

SECTION III: Physical/Chemical Characteristics

Flash point (and method): 190°F (Closed Cup Method)
Solubility in Water: Not soluble
Vapor Pressure: 0.8 mmHg at 20°C
Vapor Density: N/A (air = 1)
Boiling Point: 212°C
Melting Point: 41-44 °C
Appearance and Odor: Colorless, hexagonal crystals, usually needle-like, fused masses or crystalline powder, with a pleasant peppermint like odor.

SECTION IV: Fire and Explosion Hazard Data

Extinguishing Media: CO₂, Dry Chemical or Chemical Foam
Special Fire Fighting Procedures: Wear protective clothing to prevent contact with skin and eyes. Cool containers exposed to flame with water.
Unusual Fire and Explosion Hazards: None.

SECTION V: Reactivity Data

Stability: Under normal storage and handling conditions, this is a stable material.
Incompatibility (materials to avoid): None found.

Hazardous Decomposition or By Products: Forms carbon monoxide and/or dioxide upon burning.

Hazardous Polymerization: [] May occur [X] Will not occur

SECTION VI: Occupational Exposure Limit

Threshold Limit Value (TLV): Not Established

Hazardous Materials Identification System:

Health: 1 Flammability: 1 Reactivity: 0 Personal Protection: B
4 = Extreme, 3 = High, 2 = Moderate, 1=Slight, 0-No Significant Hazard

SECTION VII: Emergency and First Aid Procedures

Skin: Remove contaminated clothing and wash material and skin with copious amounts of soap and water. If redness, itching or a burning sensation develops, get medical attention. Wash contaminated clothing before reuse.

Ingestion: Administer water or milk to dilute. Consult medical personnel. (Never give anything by mouth to an unconscious person).

Inhalation: Remove victim to fresh air. If cough or other respiratory symptoms develop, consult medical personnel.

Eyes: Immediately flush eyes with copious amounts of water for at least 15 minutes. Do not let victim rub eyes. If redness, itching or a burning sensation develops, have eyes examined and treated by medical personnel.

SECTION VIII: Personal Protection

Eyes: Use OSHA approved safety goggles.

Respiratory Protection: Respiratory protection is normally not required in well ventilated areas. However, NIOSH approved respiratory protection may be required when the material is used in a confined area.

Ventilation: A local exhaust system meeting ACGIH Standards should be in use.

Protective Gloves: Wear protective gloves (i.e. Nitrile gloves).

Other Protective Clothing and Equipment: Evaluate need based on particular application.

Work/Hygienic Practice: Use good personal hygiene practices; limit exposure to product whenever possible to minimize clean-up. Wash any contaminated clothing or shoes before reuse.

SECTION IX: Spill or Leak Procedures

Steps to be taken in case material is released or spilled: Remove any source of flame or sparks. If in a confined area use NIOSH approved respiratory protection. Absorb spills with vermiculite or other suitable absorbent material and remove to an approved disposal container. Dispose of in accordance with local laws and regulations.

NOTE: The information in this MSDS is compiled from sources considered to be accurate to the best of our knowledge and applies to activities within the scope of the intended use of the product. No warranty is expressed or implied with respect to completeness or continuing accuracy of the information given here. User should satisfy themselves that they have all current data relevant to their particular use.
